THE BLACK SPELLS OF THE FIRE SPIRITS

Carl Nagel

The magical formulae contained in this booklet are based on The Black Pullet, a textbook of magic that teaches the science of magical talismans. Written in the 18th century by an anonymous French officer who served in Napoleon's army, the text takes the form of a narrative centering on the French officer during the Egyptian expedition led by Napoleon when his unit is suddenly attacked by Arab soldiers.

The French officer manages to escape the attack, but is the only survivor. An old man appears suddenly from the pyramids and takes the French officer into a secret chamber within one of the pyramids. He nurses him back to health whilst sharing with him the magical teachings from ancient manuscripts that escaped the burning of Ptolemy's library.

The Spirits you will be working with are Salamanders, the elemental Spirits of fire. Fire is the most magical of the elements, representing life, energy, transformation and change. Their essence can be conjured in a candle flame, which is precisely what you will be doing.

The belief in these Spirits, and their ability to produce the desired results, was widespread among the alchemists (who sometimes referred to them as fire people) and occultists of ages past, and remains an important part of magical practice to this day.
WORKING WITH THE FIRE SPIRITS

During every Spell you will place a Black Pullet Talisman on your altar (small table). On the pages of this booklet you will find illustrations of 14 talismans which were created and drawn by the anonymous author of the Black Pullet in 1744. The pages show merely illustrations of the talismans. The images contain no magical power; there is only one way of tapping the power of the talismans.

It is to create them yourself.

As soon as possible after waking in the morning, draw on a piece of white paper the appropriate talisman for the magical intent. Keep the talisman in your pocket or purse for at least 12 hours. Look at it as often as you can during the day, when you are alone and unobserved.

After darkness has fallen, sit alone in a room and light a single candle. You can use an ordinary white kitchen candle if you wish, but using a colored candle is best. The color of the candle will depend on the talisman you are using. See Table below for the colors magically associated with the Black Pullet Talismans. Use a bottle or candlestick to hold the candle. The candle is placed at the rear of the talisman.

Once the candle is lit, say: "Within this Flame the Powers be."

Then speak the words of the Conjuration of the Spirit

Then say: "I invoke and move thee, Oh thou spirit of the flame."

Once the spirit has been conjured, you will need to see through and past the everyday world.

Allow your gaze to rest just above the candle flame, the stare to become vacant.

Logic has no place in Magic, attempting to rationalize what is happening will close the door between the material and supernatural worlds. If this should happen you will need to conjure the Spirit again.

Now firmly state your Magical Intent. Use the words given, or use some of your own which state your needs. Here is an Arcane Truth: Your own words will be more powerful.

Next, speak the words of power that will command the Spirit to obey you, pronouncing them as written. When the words have been spoken, burn the talisman in the candle flame and say: "Go forth and make this be!"

Extinguish the candle and throw away the ashes of the talisman.

Repeat the Spell each evening for seven days or until your desire is realized, whichever is sooner. If proper results are not obtained, repeat again for seven days, or until the Fire Spirits bring your desire to you.

This is a form of sympathetic Magic and for the Spell to work most efficiently you will need something which has been in contact with the object of your lust. A hair or fingernail clipping is the most traditional, but a business card or photo is the next best thing.

Two nights before a New Moon, wait until your reasonably sure the woman you wish to seduce is sleeping. Place the contact object on top of the talisman and see, in your mind, the woman you are lusting for.

Black Pullet Talisman: No. 4
Magical Intent: I wish to make (name of woman) obedient to my carnal desires, willing to satisfy my every desire.
Words of Power: NADES, SURADIS, MANINER, SADER, PROSTAS, SOLASTER.
You may associate treasure with gold and silver coins, and objects of precious metal, but there are other kinds of treasures to be found. Old books, rare stamps, magazines and other collectibles are treasures, in the very true sense of the word, in full view yet unrecognized for what they are. The Black Spell that follows is good for finding such things as rare books, stamps, magazines (or similar) ... and just maybe, that long lost pirates' treasure!

Black Pullet Talisman: No. 5

Magical Intent: "I wish to be led to treasures, both known and unknown."

Words of Power: ONAIM, PERANTES, RASONASTOS.

OCCULT RIBALDRY

Does the Magic Power of the Black Pullet really work? Ask Peter N. (not his real name). The woman he lusted after was a sexy realtor who had shown little to no interest in him. Peter spoke the Words-of-Power over her photograph from a business card she had given him. After working the Magic three times, he called her at home, from the number on her card. She was in the bathtub and invited him over to scrub her back, twice.

THE GOLDEN TREASURE SPELL

Treasure! Every time you hear the word it brings with it thoughts of Spanish doubloons and pieces-of-eight which have lain hidden for centuries at the bottom of Caribbean waters. Treasures that you would like to possess so that your life can be better.

THE POT OF GOLD SPELL

You could probably use a big dose of good luck in your life, and stop the bad luck vibrations flowing in your direction, then this Spell is for you.
If you are in a deep swing of misfortune and nothing is going right, this Spell will help to increase your lucky breaks. If you seek luck at gambling, the Black Pullet Winning Ticket Spell is the one to use.

In order to get the full benefit out of this Spell, you should speak the Words-of-Power with force and belief in their power to bring you money and luck. Belief is an important factor in all works of Magic.

Black Pullet Talisman: No. 1
Magical Intent: "I seek to change my luck from bad to good, and ask for good fortune at all times."
Words of Power: TURAN, ESTONOS, FUZA.
When you use this Spell it is, in effect, like finding a pot of gold at the end of a rainbow. Be prepared to accept the opportunities which the Fire Spirits offer you. Being reluctant at any time will mitigate the force of the Spell and delay its results.

THE WINNING TICKET SPELL

The odds against winning first prize in a lottery are staggering. With the State Lotto, for example, it can be as high as 452,503 to 1. The odds against you can be reduced, however, when you bring Magic into the equation. By utilizing any one of the many and varied magical formulae available for gambling luck, you can actually end up with the odds in your favor.

This Spell is designed to turn luck vibrations your way in any contest where chance is the chief factor in winning.

Before (and after) casting the Spell, sit for a few minutes with your eyes closed and see, in your mind, yourself winning at whatever game of chance you want to work in your favor.

Black Pullet Talisman: No. 20
Magical Intent: "I wish to win a prize in the contest I shall enter."
Words of Power: PILATUS, TULITAS, XATANITOS.
THE NEW FRIENDS SPELL

There is no pain compared to the pain of loneliness. If friendship is missing from your life, it won't be for much longer. A short time from now, you will learn how to use the Arcane Powers of the Black Pullet to bring true friendship into your life.

You will command a magical force so strong that you will attract new friends from many sources. When you work this Spell to bring friendship into your life, you will find that you will have many people offer you their friendship.

THE GOLDEN OPPORTUNITIES SPELL

Use this Ancient Spell only if you are prepared to back it up with action.
Accept all chances the Fire Spirits offer you to move up in life.

TALISMANS: YESTERDAY, TODAY AND TOMORROW

Talismans are, in effect, a means to control persons and events by silent and unobserved ways. How effectively they control is dependent upon the emotion instilled into the Talismanic Magic. In the Esoteric Sciences the Power of talismans are implicitly believed in, especially if from an unknown Arcane source. This booklet is a continuation of this occult tradition.
